It's a Loveable Rat-Race

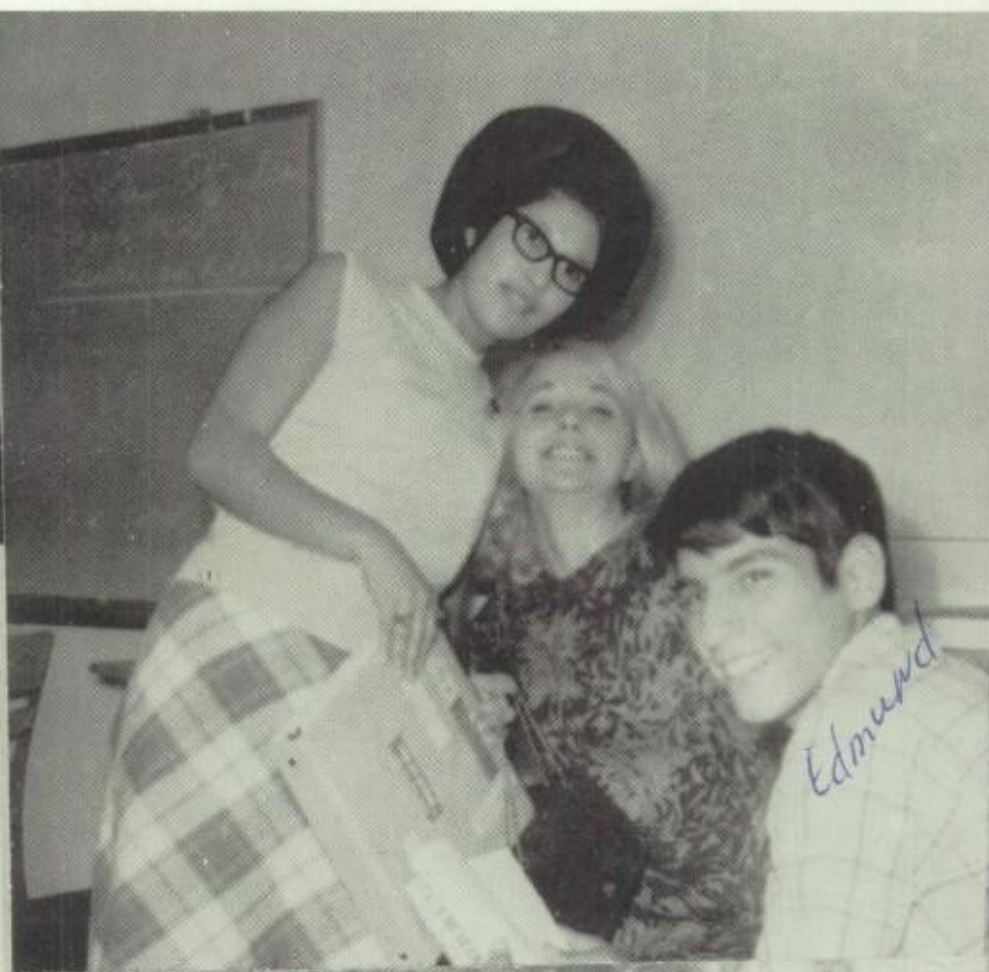

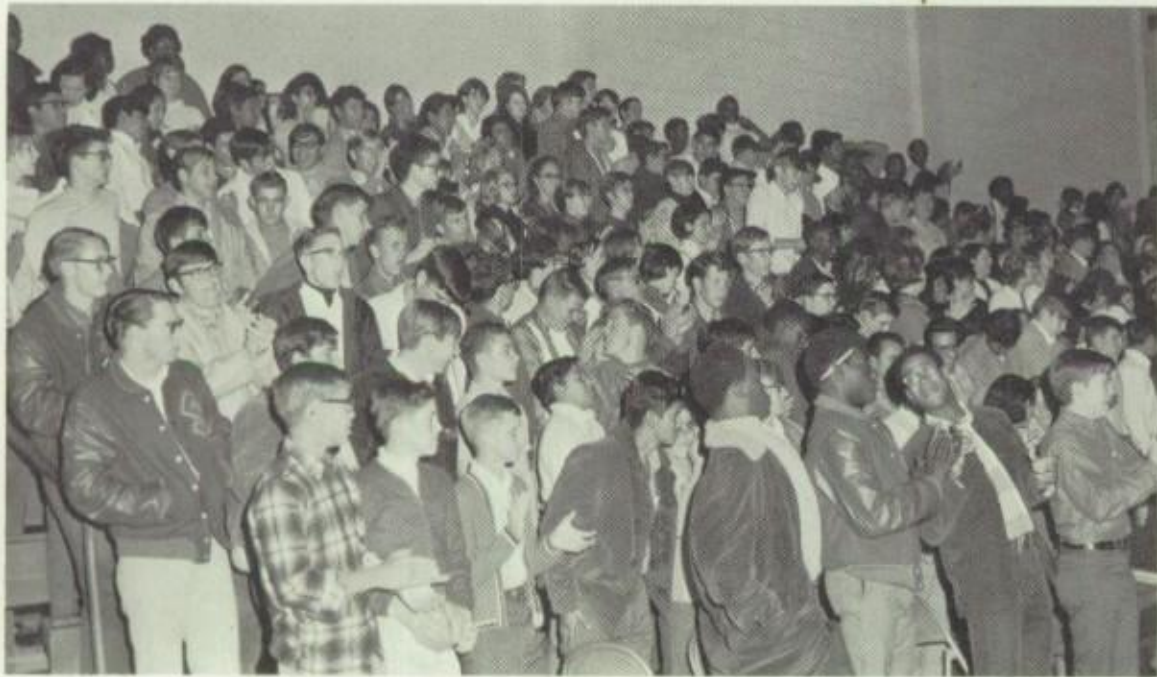

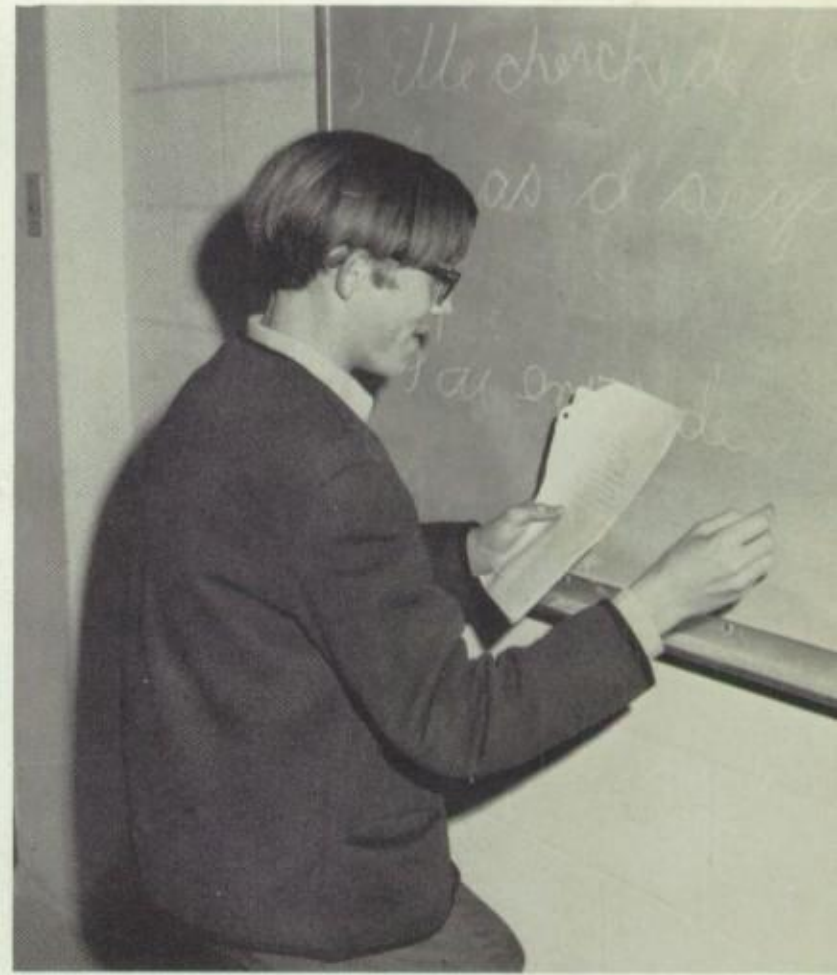

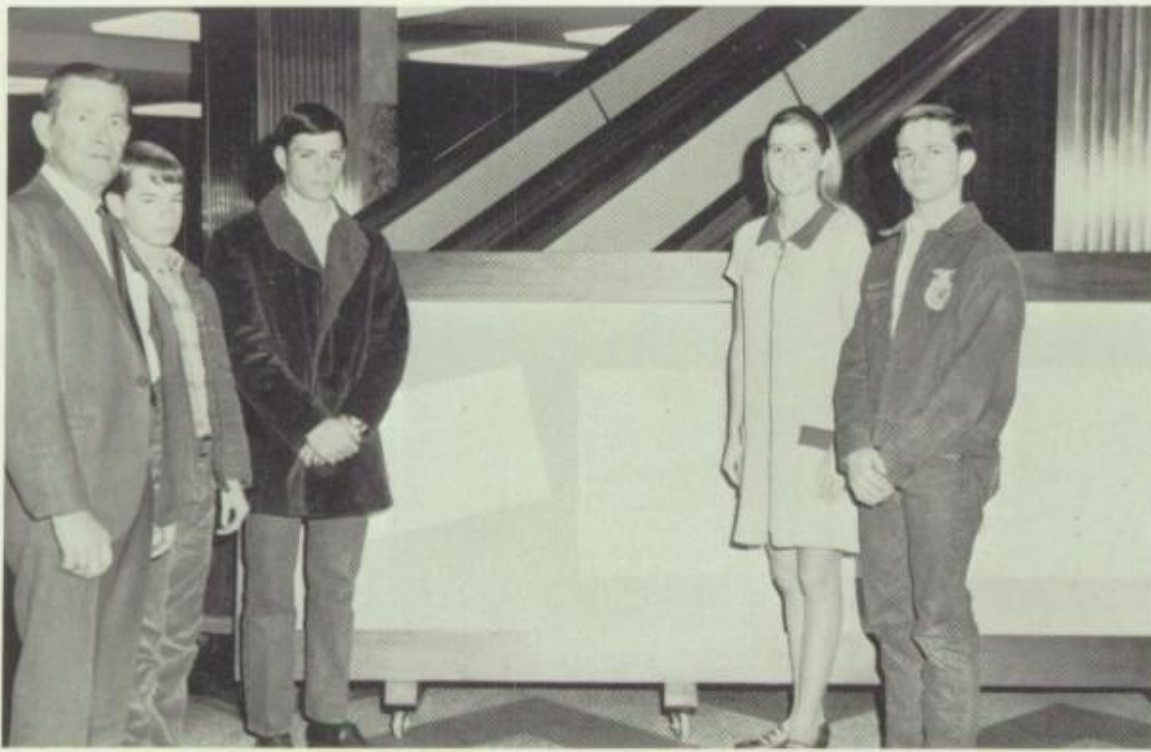

Let's Hear It Raiders — SPIRIT!!

The Many Faces of a Raider

The Shield

We the editors and staff for the 1968-69 school year proudly present to you the ROUNDUP.

It is through our hard work and efforts that we wish to bring to you the memorable moments of this school year.

"The United Shield" is a symbol of honor, loyalty, friendship, unity, cooperation, and learning. We hope to show to you in the pages of this annual all of these qualities which are important to make Stroman High the great school that we have all helped to make it.

Our sincere thanks goes to Mrs. Carol Hall for her help and understanding, the merchants and you as students for helping us to make the 1968-69 Roundup possible.

Dedication

This annual is proudly dedicated to the first graduating class of Stroman High School—the Senior Class of 1969. This group of students has worked endless hours to make Stroman recognized and respected in the eyes of many people. Cherished traditions, which will be followed by Raiders for years to come, were created from the clever minds of these students. Senior members on the athletic teams played their finest so that Stroman would have winning teams to be proud of. Every Senior displayed true spirit and loyalty at all times.

As the Seniors leave this school which holds treasured memories of them, they will always remember that "Happiness Is Being A Stroman Raider."

Administration . . .

District Leader

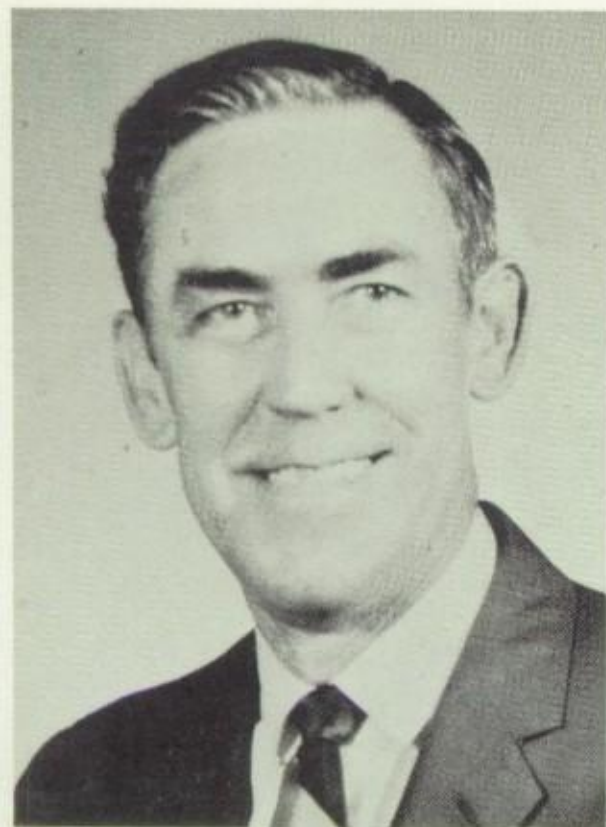

C. O. CHANDLER

Superintendent of Schools

C. O. Chandler, our school district superintendent, works toward improving our present schools and making way for better schools of the future. Mr. Chandler, striving toward better goals, has helped give us our school, Victoria Stroman High, home of the mighty "Raiders." His spirit is great and he has given the student body every reason to believe that he is a true blue 'n' gold "Raider."

TED REED

Principal

Mr. Ted Reed serves and guides us proudly through the year as principal of Stroman High School. Constantly on the go, he works toward establishing the foundations of traditions for our school that the student body has set before him. Always working towards greater understanding, Mr. Reed declares, "My door is always open to those who need help or advice."

Probably one of our most important courses is that of English. English plays a major part in our everyday life. The grammar we use may be a deciding factor in other peoples' opinions of us. These teachers do much to help us learn to speak well and intelligently. English courses are more interesting now because of new methods of teaching. What we learn now may determine how far we go in this world.

Mathematics is required, of all students below junior level. Most colleges, though, require three years of math.

Some courses of math given are: algebra, related mathematics, geometry, and business math. More advanced courses are offered to those interested in going into math as a career.

AL HAISLER
Physics

More science is offered now than ever before. It has become a necessity in our modern scientific world. The physical and intangible makeup of the earth and universe is everchanging and we must be prepared to observe it logically.

Science courses offered are physics, biology, advanced science, and chemistry.

History may not seem important to us now but it is a vital factor in shaping our future. World history helps those who plan to travel because it gives them a better insight to the customs of other lands and peoples. American history gives us a deeper understanding of our ancestors, the men who fought for us; our heritage. Government helps us to learn the basics of our local, state, and federal governments.

There are many courses offered in the field of secretarial training. The wide variety includes typing, shorthand, office record keeping, and bookkeeping. Secretarial training comes in handy for those persons who plan to become secretaries or work in offices. These courses give students the preparation necessary for entrance into this changing business world.

Homemaking and Home and Family Life prepare students for life in the family. Courses cover family relationships, child development, home planning and furnishings, food and nutrition, wardrobe planning and construction, and home care of the sick. Home and Family Life is open to both boys and girls.

General Training courses offered at Stroman include wood, metal, drafting, agriculture, distributive education, and I.C.T.

Stroman High provides the best working environment and equipment for our shop boys' use. To aid students' interest in these courses new shops have been built.

It is a pleasure to use our modern school library since there is always a well-informed librarian on hand to help one find the necessary and wanted material.

Physical education is a vital part of our school. It stimulates the mind as well as the body.

Football is the highlight of the year and this has been a great season for the Stroman Raiders.

Stroman has built two fine varsity basketball teams for girls and boys. With the addition of two junior varsity basketball teams, Stroman is gaining a fine reputation for its winning abilities.

One of a Senior's most precious moments is the first time he puts on his Senior ring. His Senior ring is the one thing that no lower classman has and will not have until he reaches the place and class of honor A Senior.

Fun-Filled Moments

For every class in any school there are those moments that can only be captured once. These moments for a Senior are precious ones, for this is his last year in High School.

There are sad and sorrowful times but the most are happy and joy filled. With the work and hard hours of training come perfection and gaiety and satisfaction in a job well done.

Youth Council is an organization of certain students of the Victoria high schools. These students are representatives of today's youth, setting goals and working hard to reach them. One of the better known accomplishments of the Youth Council is the Teen Jury which meets in the city's Corporation Court. The students serve as the jury and by so doing, they learn the weight of responsibility and respect for laws.

In the years ahead...

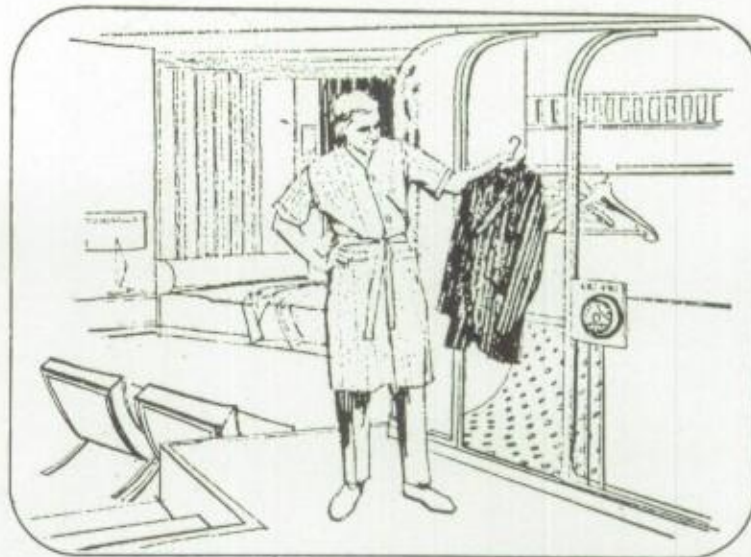

you're going to use electricity in lots of wonderful new ways...

Dishes and clothes will be washed by sound waves instead of suds. An "electronic housecleaner" will keep your whole house clean and dust-free. And CPL assures you there'll always be plenty of dependable, low-priced electricity to run all the electric wonders in your future! Central Power and Light Company, like more than 300 other investor-owned power companies throughout the country, is planning and building *right now* to make sure there'll always be plenty of power year after year for your every need.
